The major professor and advisory committee shall guide the student in planning the dissertation. The student will prepare a dissertation prospectus. When the major professor certifies that the dissertation prospectus is satisfactory, it must be formally considered by the advisory committee in a meeting with the student. This formal consideration may not take the place of the comprehensive oral examination.

*Approval of the dissertation prospectus signifies that members of the advisory committee believe that it proposes a satisfactory research study. **Approval of the prospectus requires the agreement of the advisory committee with no more than one dissenting vote as evidenced by their signing an appropriate form, which, together with the approved prospectus, is filed with the [history department].***

A copy of the entire prospectus must be attached, please save as one pdf with signed cover sheet first page.
